Do We Use Our Learning Spaces Effectively?

Kevin Silber
University of Derby
k.silber@derby.ac.uk
Investment

• Learning spaces are the current fashion
• Have we wasted our money?
• Are the spaces used in the way they were intended?
Barriers

• No time to set up before the session starts
• No clue about alternative layouts for different activities
• Requirement to return the room to its original set-up
Solutions

• Staff training
  • Room configurations
  • Use of technology available
• Suggested layouts on the wall
• An hour is only 50 minutes
